Wireless UK Keyboard & Mouse

This ergonomic wireless keyboard provides one-touch access to regularly used programs like Internet, Windows explorer, e-mail as well as sound volume control, sound on/off and sleep mode. The wireless technology offers wireless freedom on your working area and the wireless optical mouse with 5 programmable buttons is an extremely precise device. The mouse has a stylish metallic coating and special rubberized sides for a comfortable and perfect handgrip! The mouse works on rechargeable batteries and can be recharged via de included USB charger/cradle.

Highlights

- Programmable mouse & keyboard buttons
- 800 dpi resolution
- Keyboard with UK layout
